

A 3D architectural rendering of a modern apartment interior. The space features extensive wood paneling on the walls and ceiling, creating a warm, natural atmosphere. The living area includes a built-in wooden sofa with grey cushions and white pillows, a large black fireplace, and a wall-mounted TV. A low wooden coffee table sits in front of the sofa. The kitchen area is equipped with light wood cabinetry, a dark countertop, and a sink. A dining table with two chairs is visible on the right. A central island with a white countertop and a hanging light fixture separates the living and kitchen areas. The floor is made of light wood planks.
